

Sewing Needles

SASHIKO WORLD This kit series is designed based on the concept "Sashiko that you can enjoy creating, using, and displaying."

What is sashiko?

Sashiko is traditional embroidery long cherished in Japan. A wide variety of unique sashiko styles have developed independently around the country. Among them, the traditional sashiko style in the Tohoku region is especially famous. The word sashiko denotes the sewing together or quilting pieces of cloth with needle and thread.

① Bleached Cotton Cloth

Wazarashi is a traditional specialty product of Sakai City, Osaka.

Wazarashi is bleached cotton cloth produced by removing impurities from cotton. A large volume of wazarashi has been produced since the early Edo period. Produced without damaging the natural texture of cotton, this cloth features a mild feel.

② Sashiko Thread

Sashiko thread in beautiful, vivid colors produces a good feeling in your hand while sewing.

This thread is unique in that it is thicker and twisted softer than other embroidery threads. This thread makes stitches appear clearly and helps create very beautiful patterns.

③ Sewing Needles

Hiroshima Needle has a history of over 300 years.

Originating when the Asano clan as the domain lord encouraged lower-class samurai to engage in it as extra manual work at home. Inheriting the tradition, Hiroshima remains the largest sewing needle production center in Japan, producing over 90% of the country's sewing needles and pins. Every single needle, which we produce affectionately, is wonderfully comfortable to use.

Finished size : 34cm×34cm(13.4"×13.4")
