STITCH MARKERS
The variations in color enable knitters to select the color of tools according to the yarn color and change the color of accessories on a stitch-by-stitch basis.

This slim marker is snag-free and will not widen or distort your stitches.
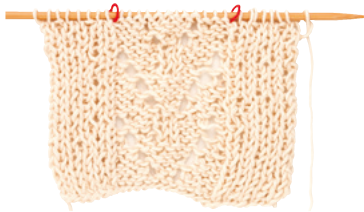

Inserting a needle into the rounded heart-shaped marker enables you to smoothly pass the marker from one needle to the other.

**This stitch marker is easy to pick up, even off a flat surface.**

Tip for using this item①
Simply slip the stitch marker onto the receiving needle at the location to mark. When circular knitting, placing a marker next to the first stitch of a row makes it easier to count the number of rows.

Tip for using this item②
When casting on, placing a stitch marker once every 20 or 30 stitches makes it easy to count the number of stitches.
